

Wealth Management Service
Discretionary Management Agreement
Company

I am delighted that you have decided to take this next step in becoming a client of Bordier UK. Our Discretionary Management Agreement (DMA) comprises a number of important documents that will need to be completed by you so that we can open your new account.

In this modern world we are all required to provide information and identification documents when financial or legal matters are involved, whether it is opening a bank account or applying for a new passport. Our industry is no different, but this should come as no surprise given the importance of the service that we provide.

Although some of these questions might feel intrusive we are asking them so that we can fully understand your circumstances. This will enable us to provide you with the best service possible and to make sure we are managing your investments in a suitable manner. It is therefore vital that we know as much about you as possible to ensure that we can achieve this. I should also mention that if your circumstances do change at any point you must let us know as soon as possible as it may influence how we are managing your investments.

We have tried to make this form as clear and concise as we possibly can, so I hope that you find it easy to complete. However, if you have any questions please let your investment manager know. **Alternatively, please give our Client Services team a call and they will also be very happy to help. Please note that the fields marked with an asterisk (*) are mandatory, and that we will be unable to finalise your application should these fields be incomplete.**

Once again I would like to welcome you to Bordier UK and I hope this marks the start of a long and happy association between us.

Jamie Berry
Chairman

18. Selecting an investment objective and risk profile

We encourage all investors to form their own judgment as to their investment objectives and the level of investment risk that they are prepared to take to achieve those objectives. Purchasing, selling or subscribing for investments involves risk and some types of investment involve greater risk than others. To assist with this decision, we have compiled a risk and suitability guide. Before completing the following section, we strongly recommend that you read this document.

Should you have any questions or be in any doubt about how to complete the following section, you should contact us or your professional adviser. Attention is also drawn to the Risk Warnings accompanying the Agreement.

Gross income:

Gross yield %:

Are you happy for us to withdraw capital to meet any shortfall in the actual income received from the underlying investments?

- No

(Note: using capital will lead to erosion in the value of your portfolio if the portfolio's growth rate does not exceed the rate of any capital withdrawal)

22. Currency and currency risk

What currency would the directors like their portfolio to be managed in? This currency will be used as the base currency for their valuations and influence the strategy we adopt for the portfolio. Please tick one only:

- Sterling
- Euros
- US dollars

Other (please specify):

Please refer to the document entitled 'An investor's guide to Bordier UK's risk, suitability and investment strategies', which provides further guidance on the level of currency risk for each Risk Profile.

23. Investment restrictions

Are there any investment restrictions which apply or the directors wish to apply to the portfolio (e.g. no UK situs assets to be held)?

- Yes
- No

If yes, please provide further information here:

If the directors do not impose any limit on our discretion we will assume that there are no such restrictions. You should note that we will use a mixture of investments with varying degrees of risk to meet your overall stated objectives.

24. Time horizon

Over what time period do the directors expect to commit capital to an investment portfolio?

- Short term (2-4 years)
- Medium term (5-10 years)
- Long term (over 10 years)

25. Understanding of financial markets

Which of these categories best describes the director's general understanding of financial markets?

- None/limited

- Good
- Very good
- Expert

What level of experience do the director's have of investing in stockmarkets?

- None/limited (0-2 years)
- Moderate (3-5 years)
- High (6-20 years)
- Significant (over 20 years)

Please state whether this experience has been through self-managed stockmarket investments or via investments arranged by a professional adviser?

- Self-managed
- Professionally arranged

26. Affordability and suitability

Answers to the following questions will help us better understand the nature of the company and how appropriate it is for the company's investments to be professionally managed.

What percentage of the company's overall assets does this portfolio represent?

What is your primary motive for establishing an investment portfolio or having a portfolio professionally managed?

- To provide an immediate source of income.
- To provide an increased capital sum over time to pass to beneficiaries.
- To provide an immediate income and increased capital sum over time from which additional income can be paid.
- To provide an increased capital sum over time from which income can be paid in the future.
- To provide an increased capital sum over time to repay debts.

How dependent is the success of this investment portfolio in meeting short-term financial goals?

- Not dependent
- Partially dependent
- Totally dependent

How dependent is the success of this investment portfolio in meeting longer-term financial goals?

- Not dependent
- Partially dependent
- Totally dependent

27. Impact of major market correction

If there were a major stockmarket correction of more than 20% in any one year, which of the following best describes the impact of this event on the company's overall wealth and your reaction to such a fall? (Note: it is quite possible that a portfolio's income levels would be unaffected by such a fall in stockmarkets).

Please tick one box below that most closely matches the company's profile:

- The portfolio forms a significant part of the company's overall wealth and the company is reliant upon it. A major fall in stockmarkets is likely to have a big impact on the company's financial position. The company would need to place the capital on a much more secure footing to prevent any further decline in value.
- The portfolio is a key part of the company's overall financial wealth and it is somewhat dependent upon it. A major fall in stockmarkets may cause the company to reassess its objectives and alter how the company allocates its capital to investments.
- The portfolio is a relatively important part of the company's overall financial position, but its success is not critical to either day-to-day priorities or long-term financial needs. The company can take a relatively long-term view and would be prepared to wait for stockmarkets to recover.
- This portfolio forms a small part of the company's total financial assets, so a major fall in markets is unlikely to cause any change to the company's long-term financial position. The company can take a long-term view and may consider adding to the portfolio to take advantage of such stockmarket weakness.

Please provide any additional information or clarification below:

29. Schedule of fees and charges

This schedule of fees and charges should be read in conjunction with our Terms of Business and client information sheet, and forms part of the Client Agreement.

All fees and charges are subject to VAT as appropriate.

Annual management charges

We reserve the right to levy a minimum annual management charge of £3,000 per annum plus VAT.

On the first £1,000,000	1.00%
On the next £1,000,000	0.75%
On the next £1,000,000	0.50%
Thereafter	0.30%

Annual management fees are expressed as a percentage of the value of assets entrusted to us for portfolio management and they are charged monthly in arrears, unless otherwise agreed.

Example: On a £500,000 portfolio, a 1% fee would equate to £5,000 per annum plus VAT at 20% would give a total fee of £6,000 per annum. The fee would be charged in arrears in 12 monthly instalments of £500. The exact fee would be calculated at the end of each month so it will fluctuate depending on the prevailing value of the portfolio.

Interest paid on cash balances

Interest is paid on client money whilst held with SEI at a rate of 0.4% below the Bank of England base rate. The current interest rate payable equates to 0.35%, which is calculated daily and is credited to your account gross every month. Please note, no interest is earned on money held directly with Bordier UK or with another custodian, or on foreign currencies.

Transaction charges

Maximum standard transaction charge	£50
Transactions with a value below £5,000	1% no minimum
Additional charge for transactions in shares	£25

Purchases of UK shares are also currently liable to government Stamp Duty at a rate of 0.5% of the consideration. Additional stock exchange or brokerage charges may also apply. Overseas securities may also be liable to additional fees.

Withdrawal from international agreements within 12 months

Due to the management, administrative and compliance costs involved in setting up an international client agreement, we levy a charge if an account which has been introduced to Bordier UK by firms or individuals not based in the UK is closed less than 12 months after the original sum for investment is received. The rate charged will be 1% (plus VAT if applicable) and will be based on the average value of the portfolio (observed monthly) over the period of investment. The charge will apply until the first anniversary of the investment.

Example: If the average value of the portfolio (observed monthly) was £500,000 a 1% fee would equate to £5,000 (plus VAT if applicable).

Other charges

Regular payments to a designated bank account	Free of charge
Payments to HMRC	Free of charge
Ad hoc payments	£25 per payment
Ad hoc CHAPS payments	£50 per payment
In specie transfer to a third party	£75 per security
In specie transfer from a third party	£25 per security

Replacement tax pack	£50 per pack
Change of reporting currency/wrapper provider	£250 per portfolio
Arrangement to attend a shareholder meeting or vote	£25 per meeting/vote

Any special custody requirements for certain securities, such as eurobonds and overseas securities, may incur additional charges.
