

Wealth Management Service
Discretionary Management Agreement
Individuals and joint accounts

I am delighted that you have decided to take this next step in becoming a client of Bordier UK. Our Discretionary Management Agreement (DMA) comprises a number of important documents that will need to be completed by you so that we can open your new account.

In this modern world we are all required to provide information and identification documents when financial or legal matters are involved, whether it is opening a bank account or applying for a new passport. Our industry is no different, but this should come as no surprise given the importance of the service that we provide.

Although some of these questions might feel intrusive we are asking them so that we can fully understand your circumstances. This will enable us to provide you with the best service possible and to make sure we are managing your investments in a suitable manner. It is therefore vital that we know as much about you as possible to ensure that we can achieve this. I should also mention that if your circumstances do change at any point you must let us know as soon as possible as it may influence how we are managing your investments.

We have tried to make this form as clear and concise as we possibly can, so I hope that you find it easy to complete. However, if you have any questions please let your investment manager know. Alternatively, please give our Client Services team a call and they will also be very happy to help. **Please note that the fields marked with an asterisk (*) are mandatory, and that we will be unable to finalise your application should these fields be incomplete.**

Once again I would like to welcome you to Bordier UK and I hope this marks the start of a long and happy association between us.

Jamie Berry
Chairman

24. Selecting an investment objective and risk profile

We encourage all investors to form their own judgment as to their investment objectives and the level of investment risk that they are prepared to take to achieve those objectives. Purchasing, selling or subscribing for investments involves risk and some types of investment involve greater risk than others. To assist with this decision, we have compiled a risk and suitability guide. Before completing the following section, we strongly recommend that you read this document.

Should you have any questions or be in any doubt about how to complete the following section, you should contact us or your professional adviser. Attention is also drawn to the Risk Warnings accompanying the Agreement.

Have you read and understood the Bordier UK risk and suitability guide?

- Yes
- No

If no, please explain how you have reached your decision regarding your investment objective and appetite for investment risk:

25. Investment objective

Which of the following Primary Objectives best represents your investment objectives for your portfolio. (Please tick only one box):

- To grow your capital
- To obtain an income from your capital

26. Investment strategy and risk profile

Having studied and understood the Bordier UK risk and suitability guide or if you have made a decision independent of our guide, which of the following five strategies and corresponding risk profiles (ordered lowest to highest) do you think is most appropriate. (Please tick only one box):

- Defensive Strategy (Risk profile 1)
- Cautious Strategy (Risk profile 2)
- Balanced Strategy (Risk profile 3)
- Growth Strategy (Risk profile 4)
- Adventurous Strategy (Risk profile 5)

27. Currency and currency risk

What currency would you like your portfolio to be managed in? This currency will be used as the base currency for your valuations and influence the strategy we adopt for the portfolio. Please tick one only:

- Sterling
- Euros
- US dollars

Other (please specify)

Please refer to the Bordier UK risk and suitability guide, which provides further guidance on the level of currency risk for each Risk Profile.

28. Investment restrictions

Are there any investment restrictions which apply or you wish to apply to the portfolio (e.g. no UK situs assets to be held)?

- Yes
- No

If yes, please provide further information here:

If you do not impose any limit on our discretion we will assume that there are no such restrictions. You should note that we will use a mixture of investments with varying degrees of risk to meet your overall stated objectives.

29. Time horizon

How long do you intend to hold the portfolio?

- Short term (2-4 years)
- Medium term (5-10 years)
- Long term (over 10 years)

30. Income payments

How should income produced by the portfolio be treated?

- Paid out
- Reinvested

If income is to be paid out, payments will be made to your chosen bank account on a quarterly basis in the portfolio currency. We can arrange for the actual income received each quarter to be paid (this will fluctuate from quarter to quarter) or a fixed amount based on the anticipated income for a complete year. Please specify the preferred arrangement opposite:

- Quarterly – actual amount
- Quarterly – fixed amount £
- Other arrangement (please contact Manager)

Note: If the value of income required is greater than the value of income received into the portfolio, then it will be necessary to sell investments to meet the shortfall. Using capital could lead to an erosion of the portfolio value if the portfolio's growth rate does not exceed the rate of any capital withdrawal.

Are you happy for us to withdraw capital to meet any shortfall in the actual income received from the underlying investments?

- Yes
- No

31. Understanding of financial markets

Which of these categories best describes your general understanding of financial markets?

- None/limited
- Moderate
- Good
- Very good
- Expert

What level of experience do you have of investing in stockmarkets?

- None/limited (0-2 years)
- Moderate (3-5 years)
- High (6-20 years)
- Significant (over 20 years)

Please state whether this experience has been through self-managed stockmarket investments or via investments arranged by a professional adviser?

- Self-managed
- Professionally arranged

32. Affordability and suitability

If you have large borrowings (e.g. mortgage) and other debts, have you considered reducing these or paying them off rather than establishing an investment portfolio?

- I/We have no significant borrowings.
- I/We do have borrowings, but believe that long term investment returns will outweigh the interest cost of this debt.
- I/We do have outstanding borrowings, but expect these to be paid off from other sources.

What is your primary motive for establishing an investment portfolio or having a portfolio professionally managed?

- To provide an immediate source of additional income.
- To provide an increased capital sum over time to pass to children and/or family.
- To provide an increased capital sum over time from which income can be drawn in the future.
- To provide an increased capital sum over time to be used to repay debts.

How dependent is the success of this investment portfolio in meeting your short-term financial goals?

- Not dependent
- Partially dependent
- Totally dependent

How dependent is the success of this investment portfolio in meeting your longer-term financial goals?

- Not dependent
- Partially dependent
- Totally dependent

33. Impact of major market correction

If there were a major stockmarket correction of more than 20% in any one year, which of the following best describes the impact of this event on your overall wealth and your reaction to such a fall? (Note: it is quite possible that a portfolio's income levels would be unaffected by such a fall in stockmarkets).

Please tick one box below that most closely matches your profile:

- The portfolio forms a significant part of my/our overall wealth and I am/we are reliant upon it to provide for my/our financial needs. A major fall in stockmarkets is likely to have a big impact on my/our lifestyle and longer-term financial needs. I/We would need to place the capital on a much more secure footing to prevent any further decline in value.
- The portfolio is a key part of my/our overall financial wealth and I am/we are somewhat dependent upon it to provide for my/our longer-term financial needs. A major fall in stockmarkets may cause me/us to reassess my/our objectives and alter how I/we allocate my/our capital to investments.
- The portfolio is a relatively important part of my/our overall financial position, but its success is not critical to either my/our day-to-day priorities or long-term financial needs. I/We can take a relatively long-term view and I/we would be prepared to wait for stockmarkets to recover.
- This portfolio forms a small part of my/our total financial assets, so a major fall in markets is unlikely to cause any change to my/our long-term financial needs. I/We can take a long-term view and may consider adding to the portfolio to take advantage of such stockmarket weakness.

Please provide any additional information or clarification below:

34. Verifying your identity and address

We are required to confirm the identity of our clients to comply with international anti-money laundering legislation. It is therefore necessary for us to have documentary evidence of your identity and private address. This requirement can be met by providing us with one document from each of the boxes detailed alongside. In addition, we may search databases and other forms of public record (such as the Companies House register or electoral register) to verify the information you have given us. Please do not send us any securities or cash until we or your adviser, advise you to do so.

Please produce one document from each of boxes A and B within this section. Documents must be produced for each applicant. In the case of joint accounts, each applicant is required to produce the documents required.

Please state below the documents that are being provided to us to verify the identity and private address of each applicant:

35. Schedule of fees and charges

This schedule of fees and charges should be read in conjunction with our Terms of Business and client information sheet, and client information sheet, and forms part of the Client Agreement.

All fees and charges are subject to VAT as appropriate.

Annual management charges

We reserve the right to levy a minimum annual management charge of £3,000 per annum plus VAT.

On the first £1,000,000	1.00%
On the next £1,000,000	0.75%
On the next £1,000,000	0.50%
Thereafter	0.30%

Annual management fees are expressed as a percentage of the value of assets entrusted to us for portfolio management and they are charged monthly in arrears, unless otherwise agreed.

Example: On a £500,000 portfolio, a 1% fee would equate to £5,000 per annum plus VAT at 20%. This would give a total fee of £6,000 per annum. The fee would be charged in arrears in 12 monthly instalments of £500. The exact fee would be calculated at the end of each month so it will fluctuate depending on the prevailing value of the portfolio.

Interest paid on cash balances

Interest is paid on client money whilst held with SEI at a rate of 0.4% below the Bank of England base rate. The current interest rate payable equates to 0.35%, which is calculated daily and is credited to your account gross every month. Please note, no interest is earned on money held directly with Bordier UK or with another custodian, or on foreign currencies.

Transaction charges

Standard transaction charge	£50
Transactions with a value below £5,000	1% no minimum
Additional charge for transactions in shares	£25

Purchases of UK shares are also currently liable to government Stamp Duty at a rate of 0.5% of the consideration. Additional stock exchange or brokerage charges may also apply. Overseas securities may also be liable to additional fees.

Withdrawal from international agreements within 12 months

Due to the management, administrative and compliance costs involved in setting up an international client agreement, we levy a charge if an account which has been introduced to

Bordier UK by firms or individuals not based in the UK is closed less than 12 months after the original sum for investment is received. The rate charged will be 1% (plus VAT if applicable) and will be based on the average value of the portfolio (observed monthly) over the period of investment. The charge will apply until the first anniversary of the investment.

Example: If the average value of the portfolio (observed monthly) was £500,000 a 1% fee would equate to £5,000 (plus VAT if applicable).

Regular payments to a designated bank account	Free of charge
Payments to HMRC	Free of charge
Ad hoc payments	£25 per payment
Ad hoc CHAPS payments	£50 per payment
In specie transfer to a third party	£75 per security
In specie transfer from a third party	£25 per security
Quarter up/probate valuations	£100 fixed charge plus £25 per line of stock
Replacement tax pack	£50 per pack
Change of reporting currency/wrapper provider	£250 per portfolio
Arrangement to attend a shareholder meeting or vote	£25 per meeting/vote

Any special custody requirements for certain securities, such as eurobonds and overseas securities, may incur additional charges. We may review our fees and charges for providing our services at any time and shall give you not less than one month's notice of any changes to them.
